

## Press - release

### **Westrup International e. K. introduces new Homepage for Export Consulting, International Interim and Project Management between Arabian and German/European companies**

June 17<sup>th</sup>, 2013 | No. 01

Westrup International e. K. proudly announces its new website. From today onwards you will find the company's international activities presented in a fresh and modern State of the Art Image.

The purpose of the new website is to offer an easy access to our services and products for our international operating customers based in GCC-Countries, Asia and Europe.

The section „Your situation“ offers a dialog for business opportunities in the field of *Strategic Business Development, International Procurement, Sales & Marketing and Project & Interim Management*.

If you are interested in innovative products from our business partners you will find attractive downloads the section “Products” and in our “Gallery”.

**Elmar Westrup:** „The internet is a today's standard information channel. For more than 10 years our business expansion and project services have been combining tradition and dynamism, connecting people and uniting Europe and the Middle East. With the new website we want to further strengthen the quality aspect of our daily work.”
